To whom it may concern,

RE: RECOMMENDATION – CORPORATE STAFFING SERVICES

We have worked with Corporate Staffing since 2014 in the following areas:

- Recruitment Services
- Psychometric Testing

As a business that is disrupting the Automotive Industry in Kenya, we have found despite the lack of key skills locally, they have managed to successfully recruit for us. Additionally, by partnering with one of the leading global providers of psychometric tests, they helped increased our recruitment success rate.

We appreciate their partnership and highly recommend their services and expertise in all things People Operations.

Yours sincerely,

Elizabeth Kiemo
HR Manager
Mobius Motors Limited
