RE: RECOMMENDATION – CORPORATE STAFFING SERVICES.

It is with great pleasure that we recommend Corporate Staffing Services Limited to any organization looking for recruitment services.

We engaged them while recruiting for a Regional Business Development Executive for purposes of growing our business in Kenya and we found their services to be very professional, thorough and efficient.

As an international and busy learning institution, they helped ease our recruitment process and saved us time and resources owing to their in-depth understanding of the job market and specific understanding of our needs.

We highly appreciate their partnership and recommend their services and expertise.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Tong".
